Parents for Public Schools has truly been an asset to Rockdale Academy. Three years ago, two other parents and I participated in PLI. Our project was the Walking School Bus. This initiative allowed several of our unaccompanied students to be partnered with adults to ensure their safe route to school. The Walking School Bus started at Rockdale and has now branched out to several CPS Schools. PPS encourages parent participation at all levels. We at Rockdale strongly encourage all of our parents to participate in PLI.

Sincerely,
